## THE WAR NEWS IS BEST YET

BULGARIA HAS SURRENDERED  
AND THE ALLIES ARE WINNING AT ALL POINTS.

The most glorious events of the war have happened since our last issue. Bulgaria has surrendered to the Allies, granting every demand they made. Not only are they out of the war, but the use of the country and railroads is granted to the Allies. The Turks are thus cut off from direct communication with Germany and it is believed Turkey will surrender very soon. They have suffered the most crushing defeat and can not stand much more of this.

On the western front the Allies are smashing the Germans all along the line, keeping them so busy at all points that they are unable to concentrate at any one place for successful resistance. St. Quentin, one of the strongest and most important of German positions, has fallen. The Belgians have captured Dixmude on the coast, one of the German submarine bases.

The important city of Lille is being evacuated by the civilian population, which indicates its early fall into allied hands.

Sold that has not felt the tread of allied troops since 1914 is now undergoing that delightful experience at many places. American troops are on German soil, if we may so speak of the Alsace-Lorraine territory of which France was robbed in the rape of 1871. On to Berlin is the cry everywhere. Tear up their cities as they have destroyed those of the French Republic. Nothing else makes an impression on those heathenish, grasping Hunns but strong doses of their own medicine. No compromise should be made with the beasts.

STATE S. S. CONVENTION.

The State Sunday School Convention to be held at Ashland Ky., on October 8, 9, 10 and 11 will be a great feast for those who attend.

Speakers of national reputation will be there. It has been decided that October 10 shall be "Lawrence County Day," and it is hoped that every school in Lawrence county will send at least one delegate but as many more as want to go can do so, as there will be no limit to the number, and they can go as many days as they desire. But if you can only go one day, let that day be Lawrence County Day.

### GIRLS! GIRLS! TRY IT!

#### STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair stops falling out and gets thick wavy, strong and beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft lustrous and beautiful as a young girl's after a "Danderine hair cleanse."

Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once,

Shepherd dissolved every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping Itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Kinnon's Danderine from any druggist or toilet counter for a few cents.

### WOMAN'S MITE TO COME OUT OF HIDING

SHE KNOWS THE HOUR OF CRISIS  
AND ALWAYS RESPONDS.

**By Most Any Woman.**

Lend me your mite. In my youthful days money used to get pretty tight occasionally. My father and his partner were trying to do some big things and every once in a while they were squeezed for cash. It was a real emergency sometimes. Things would be just about ready to go over the top when there would be a demand for more cold dollars. And they didn't have them. At such times mother used to notice the gathering of worried brows.

"What's the matter?" she asked, without much need. She usually knew.

"Oh, we've got a chance to put something through. But our money is all tied up," father would answer and a hopeful sound would creep into his voice.

Then mother would go to some hiding place of her own and bring forth a roll.

"Here's the money you gave me two months ago for a fur coat. Would that help?"

Would it help? It saved the day many a time.

Uncle Sam is in just that fix now. He has plenty of good-as-gold resources. But there is a big crisis on and he needs the cash to go over the top. There is a tremendous thing at stake, so tremendous that it is a little bit hard to talk about it. But we all know just what it means to us, to the women, perhaps, most of all.

And thousands of women are coming forward just as mother used to do, bringing the roll they had tucked away somewhere.

"Here's my money. Will it help?" they are asking.

Will it help? It may be that this tremendous day when the whole fate of the world hangs in the balance will be saved by the proffered dollars of the women of America.

Won't every one of the ten million of us bring out our little roll, and say, "Here, Sam, I'll lend you mine?"

### Bethune's Far Away, But—

**T**HIS belfry tower which has been bombarded off and on for years by the Germans is in Bethune. A long way from here is Bethune. A safe distance away.

And the way our boys and their allies are giving it to the Hun these days there seems little likelihood that these German guns will ever get close enough to Portsmouth, Ohio, or Richmond, Ky., or Uniontown, Pa., to wreck any buildings.

But battle's tide turns quickly. One letdown by our boys or their comrades-in-arms and the Hun would again have the whip hand.

The boys won't let down if they are kept fed, clothed and munitioned.

Liberty Bonds are the agency which will keep them that way.

### Thousands See French "75s" on Loan War Trains

Thousands of persons in Ohio, West Virginia and Pennsylvania had their first glimpse this week of one of the famous French "75" guns. The "75" was the gun which backed up the historic words, "Thou Shall Not Pass!"

The guns are aboard Uncle Sam's Trophy Trains which are touring the Fourth Federal Reserve District in the interest of the Fourth Liberty Loan. They are scarred from battle and rear above the flat cars in all the majesty of the heroes that they are—for without the "rhinos" of them and their brothers the words of the gallant French would have been empty and the Germans would now be in Paris—yes, even in New York, perhaps.

At every stop the two trains have made thousands of persons have crowded through to see the trophies taken from the battlefields.

Helmets, medals and guns attract the most attention. The trains also have aboard outfits of the American fighters and their allies, depth bombs, aerial bombs and all of the curiosities of modern warfare.

### Saving Sugar Saves Shipping

**A**merican families would have less sugar than the people of war torn France, if we depended entirely on our home-grown sugar stocks.

Approximately 75 per cent. of our sugar is shipped to our shores. We produce about 1,000,000 tons of sugar a year. Our imports from abroad amount to over 3,000,000 tons a year in normal times.

The United States Food Administration asks each family to limit its use of sugar to two pounds per month per person for household use. The military situation demands that every available ship be placed at the disposal of the Army or Navy. When we save sugar, we save shipping.

THE WHITE HOUSE  
WASHINGTON

Again the Government comes to the people of the country with the request that they hand their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential movement. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first under now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

DEMOCRATIC TICKET.  
United States Senator  
A. O. STANLEY  
For Congress  
W. J. FIELDS  
of Carter County

Gen. Pershing sends this message home: "Send us men, guns, all supplies quickly and we will win the war in 1918."

Lieutenant Rene Fonck, the leading French aviator, brought down six enemy airplanes on Sept. 26. His total now aggregates 66. Fonck's latest feat duplicates his own record and also those of Captain Trollope and Lieutenant Claxton, both of the British Flying Corps.

The greatest joke of the war, the funniest thing that has happened, is Germany's formal protest against the use of shotgun by the United States soldiers. This is proof that they have been using them effectively. In the face of all of Germany's barbarity and all of her flagrant breaking of international agreements this protest makes Germany look like a fool again.

Senator Beckham, in his speeches at Mayfield and Winchester, came out unqualifiedly for Gov. Stanley. He declared that while they had differed in political matters to the extent that they had not been friendly their differences were traceable to the liquor issue. "That issue," declared Senator Beckham, "is no longer an issue between us. The people have settled it, and I am thankful they have settled it in the way I have believed it should be settled. However, I do not say this in a spirit of exultation over this distinguished Democrat, whom I am now glad to call my friend and whom I shall be more glad to have as my colleague in the United States Senate."

When Governor Stanley concluded his statement of reasons for vetoing the bill prohibiting the teaching of the German language in Kentucky he requested any one in the audience at Winchester who believed that he had made misuse of the veto power or that he had done something that is to the detriment of this country to arise. None stood.

"I killed that bill as dead as a mackerel because in the first instance it made ignorance compulsory and in the second instance it was in direct opposition to what the United States Government wants as an aid to the winning of this war," he said. "The teaching of the German language in Kentucky schools is not compulsory under the law we now have, which is the law we had before the last session of the legislature. It is for the school trustees to determine whether or not the language may be taught. I have found that many persons have not been aware of this fact. Now, may I tell you that the United States Government conducts two great schools in which the study of the German language is compulsory."

"They are West Point and Annapolis. Those are Woodrow Wilson's schools. Those are the schools from which officers for the army and navy come. Now, I want to ask if any of you believe Woodrow Wilson is pro-German because German is taught at West Point and Annapolis? Most assuredly not. Now then, why should you call me pro-German or permit another to call me pro-German when I have, by vote, prevented the placing upon our statute books a prohibition of something that the National Government considers necessary in time of war as in time of peace."

"Knowledge of the enemy's tongue is essential in time of war, and it is desirable for commercial and other purposes in time of peace. I am advised that it may be an order of the War Department that the German language be taught to all boys in the student army training camps. What will Dr. Bruner and others who have called me pro-German for my veto will say to that?"

"Have you read of the countless times where thorough knowledge of enemy tongue American boys have been able to advance the position of the American arms and to take German prisoners?"

#### The Great Refusal.

Seldom if ever in the history of all the ages has so solemn so positive and so momentous a "no" been uttered as that with which the President of these United States declined to consider the Austrian peace proposal. It must have been a serious moment, even in a life so full of such responsibilities as Woodrow Wilson had had to bear when he penned that brief, decisive note in which the door was closed upon a possible termination of this ghastly war. He did not shrink, however, nor equivocate, but spoke forthrightly, like a man, and that "no" will go echoing down the ages as the supreme expression of the soul of America and of the world. Already the strongest men of the allied countries have uttered their loud "Amen"—Clemenceau, Lloyd George, William H. Taft, Theodore Roosevelt—and the multitudes of the common people sound like the voices of many waters.

Three resounding notes are heard in the great refusal—the note of firmness, the note of power and the note of authority. It is something sublime to say "no" to a base proposal, with a hundred million people standing firmly at your back! That firmness, that power and that authority reminds us of the final word which was uttered by the world's Redeemer to the tempter in the wilderness: "Get thee behind me Satan"—Cincinnati Enquirer.

SERGT. M. J. WROTON  
IS NOW IN FRANCE

Letters from Sergt. Milton J. Wroton to his parents, Dr. and Mrs. G. W. Wroton, of Louisa, will be interesting to many friends:

Somewhere at Sea.  
Dearest Ones:  
Am permitted only a few lines, enough to say I am well so far, and have enjoyed my trip immensely. We were fortunate in having a dandy big ship to cross on and the most desirable of weather. Have had only one rough day and it was not bad. Don't yet know our immediate destination. Hope to find a letter from you tomorrow when we land. Will write more when permitted.

Somewhere in France.  
We have moved again and are billeted again in a small village for further instruction. My freight has not yet arrived, so my duties are light.

I wish I could write all I would like, for there is so much of interest, but the censors are so afraid of some one writing something that would give information to the enemy and a long letter occupies so much of their time that they ask us to make them short.

The country is beautiful and the people are nice to us. We are comfortably housed (no tents) and have plenty to eat. Climate is nice and cool.

I am learning French rapidly and believe that inside of two months I will be able to speak very well. I can hold a piece of conversation now, but it is hard to understand them for they speak too fast.

The houses are all of stone, thick walls and are enclosed in high stone wall fences.

I am in the best of health and spirits. We have received no mail yet or papers, and are very anxious as we get hardly any news of the war. However, we understand that we are advancing and all is satisfactory.

I have written you from all stops and hope you will get them all, but do not worry when you do not get letters regularly for so many are returned to writer, lost or mislaid. I am afraid I will not get to fight. It is terrible to see the widow and no young men at all and we are all anxious to get a chance at the Boche even if it is to get him from behind, for he is on the run. Am so anxious to hear how you are.

papa. When I get back we can have some great old conversations for so much of interest has passed and is to come. This town, for instance, is about 10 years behind the times and very old.

France.  
This is the first rainy day we have had since coming here and incidentally my "birthday" as a soldier or rather the anniversary of my enlistment. There is not a thing new to write. It's about the same each day. We are anxious for the order to move to the front. The boys drill and train and study all day and I am up to my neck in my accounts.

This seems we will never get any mail. We have had two newspapers since arrival and no news of interest. Seems funny that you, three thousand miles away, should get all the war news and we here almost in the theatre of war, have none.

I am at present in luck as one of the "natives" has kindly loaned me a bed and mattress, so I am in comparative luxury. There is a dandy river about three miles from here and we hike there often for a swim. Looks like good fishing ground, too, but haven't had time to try it out.

Don't know when we will get in action, but know we will give a good account of ourselves as we have a dandy personnel—fine bunch of fellows.

The grapes will soon be ripe here and we will have plenty. It's a great wine country, but the sale of the stronger wine and liquor is strictly prohibited. Hardly any fruit, either, which rather surprises me.

They have the finest horses and cattle I ever saw and work from daylight till dark. Women as well as "hommees"

WEST VIRGINIAN WRITES  
HOME FROM FRANCE

Mrs. Nura Ramey, of Queens Ridge, W. Va., Wayne county, sent in the following letter for publication:

Somewhere in France. August 16, 1918.

Dear Home Folks:

No doubt but what you'd be anxious to hear from your son soldier. Today it is to my greatest pleasure to write you. I am well and O.K. and am now weighing 175 pounds.

Been reading one of my favorite books today which brings some of school teaching days to memory.

## Forward!

With no thought of bursting shrapnel and poisonous gases into which they plunge—with every muscle tense, with every faculty of mind alert, with one thought only—TO FIGHT AND WIN.

That is the way our men are going into battle. When the shrill whistle sounds the advance, out they go—their whole heart in the task before them. No power on earth can hold them back.

## Forward!

The same sharp challenge to battle is sounding for us. We must answer in the same proud way—the way of our fighting men—the American way. We must lend the way they fight.

We must show the war-maddened Hun a united American people moving forward shoulder to shoulder, irresistibly, to Victory.

Our task is to supply the money, the ships, the guns, the shells that we must have to win. It is a tremendous task. We must do it as our fighting men do theirs—with the indomitable spirit of Victory.

We must work, and save, and lend with one thought only—TO FIGHT AND WIN.

Get into the fight—with your whole heart. Buy Bonds—to the utmost!

COAT WITH SCARF AND PANEL

The season's most desirable garments—harmonies of style, fine fabrics and exceptional quality are offered at prices, which due to foresighted buying, are of unusual interest.

We entered the market when Prices were at their lowest mark, and believe that we were more fortunate than many in this respect. Hence our prices are low.

HALL REPORTED MISSING;  
IS IN FRENCH HOSPITAL

Last week we mentioned Roht Hall having been notified by the War Department that his son, Ira, had been missing in action since August 1. His aunt, Mrs. Phil Prece, has received a letter from him under date of August 10 which follows:

Dearest Aunt:

I will try and write a few lines today as I have not heard from any of you all since I left the States. I have written two or three letters, but haven't been able to get any answer yet. I hope you all are getting along well. I have been getting along fine till I was wounded. I got shot through the leg just below the knee and was operated on the 29th of July, and I am getting along very well now. But we sure did have some time chasing the Germans.

Write and tell me how everybody is. Tell Dad to write me, also Herbert and Green. Tell Phil hello for me. I am still at the same place? Ira Evans and Major came over as I did, but I have not seen them since I reached here.

I don't feel like writing much this time. Will write again in a few days.

Address my letters to Bass Hospital No. 6, A.P.O. A. E. F. via New York.

With love,

IRA HALL

HARLEY CURNUTTE IS  
NOW IN FAR FRANCE

Mrs. Delta Thompson received the following from her brother:

Somewhere in France, August 4.

Dear Sister and family:

I will now try to answer your letter just received. Was so glad to hear from you and to find that you were all well. I am well and having a good time. I didn't get the cake you sent. I left the next day after I wrote you. Well, perhaps I will be back some day to eat cake at home.

How are Pa's folks getting along? I never can hear from them. I have written them several times and never can get a letter. How is your crop? I suppose you have plenty of garden stuff, haven't you? I guess that Pa's folks have raised plenty to do them.

I will have to close as it is almost supper time. I get plenty to eat and am fat. I would like to see you all.

Tell babe and the children to be good.

Will write more next time.

With love to all,

PVT. HARLEY CURNUTTE,

are fighting for liberty, not just for those we know and love, but for all humanity. Now while we're over here in France behind the bags of sand, can't you all get together in U. S. A. and lend us boys a helping hand? We boys are ready in the forward trench to charge the brutal Hun. The doughboys and the engineers with blades of shining steel fixed upon our guns that you may live in peace. We give our lives and limbs; now while we're doing this for you, what will you do for us? Well, many things, but first and last of all is just to sacrifice a bit to buy a bond or two, large or small.

## Weighed 90 Pounds Before Taking PERUNA

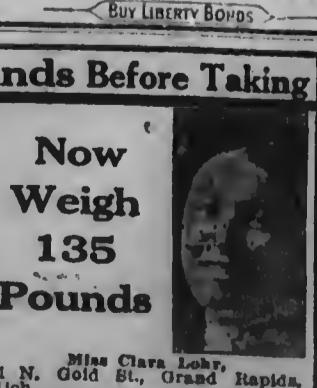

Recommends it to Her Friends

"I don't need Peruna any more. I am all well. I have taken six bottles, weighed ninety pounds before I took it. I was just as poor god so weakly, I had given up hopes of ever getting well; such a cough and spitting. Now I could not eat anything. Now since taking Peruna, weigh one hundred and thirty-five pounds. All my friends said I would never get well. I was just a shell. I have surely recommended your Peruna to all my friends, and they are using it. I will recommend Peruna, for I am so thankful for what it has done for me."

Miss Clara Lohr, Michigan, in her letter apposite Miss Lohr tells in convincing words of the benefits she received from Peruna.

**ON ACTIVE SERVICE SOME WHERE IN FRANCE**

Sgt. Robert Murphy wrote as follows to his sister, Mrs. J. F. Brown, of Henrietta:

It won't be necessary to send any more tobacco, I can get tobacco any time now. We have a free issue of nearly enough for our needs and all the Y. M. C. A. canteens as well as the commissary keep it for sale at a reasonable price. Many thanks for all you have sent. I am very grateful for it.

I am much pleased with the pictures of the boys. You should be very proud of your sons. They are certainly handsome chaps.

And last, but not least, Forrest, he is just as handsome though in a little different way. He is chuck full of the stuff that makes a man, and some day you will see him a man.

I have just completed a course in gas school. Who would ever have thought I would have to attend a gas school? You know what I mean. But you see, the kind of gas that I was so well versed in, though stunning at times, was never entirely fatal (unto death, I mean). And they have gas here that is. Being a postmaster in "gas", however, I did enjoy the course.

We are having ideal weather here now. I wear a sweater most of the time and it only requires something like that to be perfectly comfortable here. I have not seen any uncomfortable weather from heat. The sun is exhilarating when it shines.

I am very sorry to hear of the severe wounding of the Preston boy. I only hope that his wounds will not prove fatal. Though if they do, you can assure his father and mother that although he gave his life for a highly honorable cause, and is now an immortal hero, his death will be avenged.

I have just received a letter from mother and a photo of Alex. He is a bright looking chap, but has an air of fixed indifference. I would judge that he is somewhat a quaker, though instead of following the spirit bidding would choose to follow the dictates of his own will, and dollars to dough-nuts that is just the thing he does.

I received George's letter at the same time I received yours, and will answer it tout de suite (pretty soon).

The way the French say it is like this: "Tous sweet," and they often say, "kiss-kah-dee" or "kiss ka deet you" meaning, "what did you say?"

American soldiers have always been popular with the French people, but they are getting more so every day and the French are, if possible, getting more popular with the Americans.

You see, we are getting to understand each other better, and that is all that is necessary.

Now it is getting dark and I know that if the censor don't give me a good excuse, he is not a cussing officer, for I have certainly made some mess for him this time, but just couldn't find a stopping place above here.

Love and good wishes to all.

## NEWSPAPERS UNDER DRASIC ORDERS

MUST REDUCE USE OF PAPER AND PUT SUBSCRIPTION LISTS ON STRICTLY CASH BASIS

A shortage in news print paper production has caused the Government to issue a drastic order to all newspapers to cut down the use of white paper.

Weekly papers must make a reduction of 15 per cent in the amount used. This means to reduce the size of the paper or cut off a lot of subscribers... The order goes into effect immediately. We do not expect to reduce the size of our paper.

No newspaper can be sent to any subscriber who owes more than three months subscription. No free copies are permitted to be sent to anyone except former employees.

No publisher shall sell his publication at an exceedingly low price.

A sworn statement will be required from all publishers Nov. 1st as to whether these rules have been put into effect.

The above orders practically take over the business control of newspapers. Each subscriber will please take due notice and examine the date on the label of his paper. If in arrears or your subscription is expiring, please renew at once so as to keep your name on the list. This is a matter that cannot be delayed now, as it is a Government order.

We hope all will give this their immediate attention.

## Hooray for Banana Peel "Gets-It"

Only Real Way to Get Rid of Corns.

Which do you prefer—a corn that pulls or a corn that poofs?—either or blessedness! Only "Gets-It" can get rid of your corn the peet-off way, the blessed way. You don't need a pull.

"Corns Never Trouble Me, I Use 'Gets-It'!" Why hump yourself up on the floor with your jaws set and eyes popping from pain? Just stand and gently rub out your corns! Why irritate your toes with some salve or wrap them too tightly, traps a plaster? Life is too short. Use "Gets-It" and taken a few seconds to apply and there's no more trouble. Corns go. Wear new shoes if you can. Peel off the corns with your fingers—the skin, root and all, clear and clean, and it's done. Only "Gets-It" can do this. Take no chances.

"Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifling at any drug store. M'd by E. Lawrence & Co., Chicago, Ill.

# It stirs every American heart

Who was not thrilled to read of the American Soldier who supported a wounded comrade, and fought his way with the little detachment back through the Boches to the American Lines?

That is only one deed of heroism among the many happening every day and looked on as a matter of course by the boys fighting for us over there. It shows the stuff that's in them. They are our own sons and brothers. Is the same stuff in us over here?

*From now on there can be only one standard for those of us who fight behind the lines—and that is their standard.*

**CHEROKEE**

Our school is progressing nicely  
with Harry Burton as teacher.  
Success to the News and its many  
readers.

Cherokee school house Sunday  
night, Sept. 29, for the benefit of the  
Red Cross.

There will be an ice cream supper at  
the Lower Cherokee school house next  
Thursday night. Everybody is invited  
to come, it is for the benefit of the  
Red Cross.

The people of our community are  
trying to save fodder and make ser-  
ghum.

Dr. H. H. Gambill passed down our  
creek one day last week.

Marion Sturgill was shopping at  
Blaine one day last week.

Roy Chandler has gone to Ohio to  
cut corn.

Buffalo Hump.

**DESERVES A GOLD  
MEDAL FOR THIS**

Cincinnati authority tells how to dry  
up any corn cob callus as it lifts  
right off.

You corn-pestered men and women  
need suffer no longer. Wear the shoes  
that nearly killed you before, says  
this Cincinnati authority, because a  
few drops of freezeme applied directly  
on a tender, aching corn stops soreness  
at once and soon the corn loosens so  
it can be lifted out, root and all, with-  
out a bit of pain.

A quarter of an ounce of freezeme  
costs very little at any drug store, but  
is sufficient to take off every hard or  
soft corn or callous. This should be  
ried, as it is inexpensive and is said  
not to inflame or even irritate the sur-  
rounding tissue or skin.

If your wife wears high heels she  
will be glad to know of this.

**EAST POINT.**

Mr. Sallie Pinson, who has been visit-  
ing relatives at Williamson, has re-  
turned home.

A. E. Attkiss is making sorghum this  
week.

Jackie Frost visited the creek section  
of our county a few nights ago.

Farmers are pushed to get their  
crops gathered as laborers are almost  
unobtainable.

Uncle Follie Auxier, who is in his  
75th year, raised about 60 bushels of  
sweet potatoes and a hundred gallons  
of molasses for his share of the crop  
this year.

Ferrol See, of Weeksbury, has been  
visiting her old school mates, Misses  
Margaret Auxier, and Miles May Bald-  
ridge.

Mrs. Maggie Hawley is suffering from  
chronic throat trouble.

Mrs. Tobe Auxier visited relatives  
down the river recently.

After a vacation of three weeks for  
institute and feeder pulling, our school  
was not attended. Perhaps it was a  
mistake to have them during the ins-  
titute of summer heat, when the seven  
moons of Jupiter would not call people  
out.

A letter from Prof. John Burke to  
his little pupil, Miss Douglas Auxier,  
states that he has opened school at  
Felicity, Ohio, a town of 1,000 inhabi-  
tants. Prof. Burke is well known on  
Big Sandy.

**GIRLS! LEMON JUICE  
IS SKIN WHITENER**

How to make a creamy beauty lotion  
for a few cents.

The juice of two fresh lemons strained  
into a bottle containing three ounces  
of orchard white makes a whole quart  
pint of the most remarkable lemon  
skin beautifier at about the cost one  
must pay for a small jar of ordinary  
cold creams. Care should be taken to  
strain the lemon juice through a fine  
cloth so no lemon pulp gets in, then  
the lotion will keep fresh for months.  
Every woman knows that lemon juice  
is used to bleach and remove such  
blemishes as freckles, sallowness and  
tan and is the ideal skin softener,  
whitener and beautifier.

Just try it! Get three ounces of  
orchard white at any drug store and  
two lemons from the grocer and make  
up a quarter pint of this sweetly  
fragrant lemon lotion and massage it daily  
into the face, neck, arms and hands.

**EARL D. THOMPSON  
WRITES FROM FRANCE**

Mr. and Mrs. J. F. Thompson, of  
Jattle, received the following letter  
from their son, Earl, who is in France:  
Dear Mother:

Am now somewhere in France. We  
are in a French village about the size  
of Louisville. The houses are all built  
of stone and most of them are like our  
old time houses on the inside. We  
have candles for light when we have  
any at all.

They have big stone walls instead  
of fence. Some of them have been  
built for centuries.

We can tell the effects of the war  
here all right by the way things look,  
but from the looks of the farms the  
people are a long ways from starving.  
They have some fine farms and nearly  
all cultivated and crops are all good.

Some of the finest wheat I have ever  
seen, at least it looks that way in the  
field.

Guess wheat harvest is over and for  
got about home by now, but they have  
just begun here.

The people are very kind to us here  
and we have some time talking to  
them in French language. A few days  
ago we wanted some rags to clean our  
gun. The madam brought him a dish  
pan. So you can see how well we  
speak French.

We have some fun counting French  
money. But I have that straight  
enough to count my money now.

We went out on a hike about 10 or  
12 miles this morning and got back  
about noon.

I see several of the boys from Louisville  
occasionally. They seem to enjoy my  
life over here about as well as myself.

Earl Has Left Jay.

I haven't seen Jay Compton lately.  
Don't know where he is.

Where is Dewey now? Tell him to  
write to me.

Well, I am getting along fine here,  
enjoying good health, plenty to eat, and  
have a fine lot of officers and they  
treat us pretty nice.

This leaves me well and getting along  
fine.

With love to all, your son,  
EARL D. THOMPSON,  
M. I. Co. 51st Inf. Amer. E. F.

**CAREFUL MOTHERS!**

While all children detest castor oil,

calomel and laxatives, they really love to take Cascarets because they taste like

candy. Cascarets work the nasty bile, sour fermentations and constipation

poison from the child's tender stomach, liver and bowels without pain or

gripping. Cascarets never disappoint the worried mother. Each 10 cent

box of Cascarets contains directions for children aged one year old and

upwards as well as for adults.
